

**A Report On**  
**“TRAINING ON MICROSOFT TEAM**

**NAME OF ACTIVITY:** Training on Microsoft Team

**DATE & DURATION:** 15th February, 2022 & 2hrs.

**TYPE OF ACTIVITY:** Extra-Curriculum Activity/In House

**ORGANIZED BY:** SWIP/ In-House Activity

**LEARNING OUTCOMES:**

CO1-How to communicate in two-way persistent chats with one or multiple participants.

CO2-How to contribute in a shared workspace where messages and digital content on a specific topic are shared.

**MAPPING WITH PO AND PSO:**

CO/PO	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PSO1	PSO2	PSO3
CO1	-	3	-	-	3	-	-	-	-	-
CO2	-	-	-	-	-	-	3	-	-	-

**ASSESSMENT TOOLS:**

- Hands-on practice.
- Verbally questioning and answering the participants

**DETAILS OF ACTIVITY:**

The St. Wilfred's Institute of Pharmacy, Panvel, organized a session on "Workshop on Microsoft Teams" on 15th February 2022. Microsoft Teams is a proprietary business communication platform developed by Microsoft, as part of the Microsoft 365 family of products. Teams primarily competes with the similar service **Slack**, offering workspace chat and video conferencing, file storage, and application integration. Teams replaced other Microsoft-operated business messaging and collaboration platforms, including Skype for Business and Microsoft Classroom. Throughout the COVID-19 pandemic, Teams, and other software such as Zoom and Google Meet, gained much interest as many meetings moved to a virtual environment. As of 2022, it has about 270 million monthly users.

## **OBJECTIVE:**

The main objective of the workshop on Microsoft Team isto provide a virtual environment inofficesand institutions.

## **EXPERTSESSIONCONTENT:**

- Howtocommunicateintwo-waypersistentchats withoneormultipleparticipants.
- Howtocontributeinasharedworkspacewheremessagesanddigitalcontentonaspecifictopicareshared.
- HowtocommunicatewithouttheuseofemailorgroupSMS (texting).
- Howtoshareinstantmessaging,audiocalls(VoIP),andvideocallsinsidetheclientsoftware.
- HowtoMeetingscanbescheduledwithmultipleparticipantsabletoshareaudio,video,chat,and presentedcontentwith all participants.

## **EXPECTEDOUTCOMES:**

- WorkshoponMicrosoftTeamusedtoprovideavirtualenvironmentinofficesandinstitutions.

## **SUMMARY:**

- **Date:**15thFebruary,2022.
- **Time:**01:00PMto 03:00PM
- **ExpertPerson:**
- **Venue:** Seminar Hall
- **TargetedAudience:** II/III-YearStudents
- **No.ofParticipant:** 123

**Q-Sheet:**

## **FEEDBACK/ATTAINMENTS:**

The overall feedback from the students was excellent. Participants have given positive remarks about the session and wanted to have more sessions on “**Training on Microsoft Teams**”.

## **FEEDBACK ANALYSIS:**

### **The content of the workshop is rated as:**

- a) Excellent by 96.67% of participants
- b) Good by 0.25% of participants
- c) 0.62% say need improvement
- d) 2.47% not responded

### **Presentation of the workshop is rated as:**

- a) Excellent by 87.58% of participants
- b) Good by 12.72% of participants

### **Management/Administration of the workshop is rated as:**

- a) Excellent by 77.59% of participants
- b) Good by 18.7% of participants
- c) 3.7% say need improvement
- d) Excellent by 59.26% of participants
- e) Good by 40.74% of participants

### **How could this workshop be improved?**

1. Focus should be on the basic rather than the advanced level.
2. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

### **Any other comments/suggestions**

1. We would like to have more workshops in the future
2. Language fundamentals can be enhanced

**ABSTRACT OF THE SESSION:**

The Internet has become one of the integral parts of our daily lives. It has transformed the way we communicate, make friends, share updates, play games, and shop. Cyberspace connects us virtuallywithbillionsofonlineusersacrosstheglobe.Withthe increasinguseofcyberspace,cyber crimesareincreasingveryrapidly.TheissueofCyberCrimesisemergingasabigchallengeforlawenforcement agencies around the world and India is no exception. So, Information and Cyber Security is the needofthehour.Tostaysafeintheonlineworld,itisimportanttofollowsomecyber-safepracticesthatmayhelp in making ouronlineexperienceproductive.

This seminar was aimed at raising awareness about different aspects of Cyber Crime that one cannotaffordtooverlook.Thesessionhasimpartedknowledgeandmeanstoprepareeveryoneforsafeguardin g from hacking and other cyber-attacks. Also, the program helped us to know the networkand source of the attack, which enabled us to safeguard our data. The objectives of the session aregivenbelow.

- An overview of cybercrimes such as electronic commerce crime, economic espionage, and emailattacks,SMS, callspoofing, creditcard fraud,phishing,remotekeylogging, etc.
- Typesofcyber-attackswithcasestudies
- ProvisionsinthelegalframeworktocombatCybercrimes
- CyberLawfromIndiaandInternationalperspective
- Cyber-crime investigation methods like investigating e-mails (read notify), e-mail headeranalysis,investigatingphishing casesand datatheftcases, etc.

## **SEMINAR CONTENTS:**

### **1 CyberEthics**

- 1.1 Introduction to Internet
- 1.2 Cyber War
- 1.3 Phishing and Countermeasures
- 1.4 Email Security
- 1.5 Virus, Trojans, Backdoors
- 1.6 Spoofing and sniffing
- 1.7 Laptop security
- 1.8 Mobile Forensics & VoIP Calls
- 1.9 Steganography & Cryptography

### **2 Cyber Crime Investigation**

- 2.1 Report Cyber Crimes
- 2.2 Introduction to Cyber Crime Investigation
- 2.3 Types of Cyber Crimes

### **3 Investigation Methodologies**

- 3.1 Investigating Emails (Email Tracing) – Read notify
- 3.2 Online email header analysis.
- 3.3 Foot printing
- 3.4 Investigating Phishing Cases
- 3.5 Investigating Data Theft Cases
- 3.6 Investigating Orkut Profile Impersonation Cases
- 3.7 Cyber Law & IT Act, 2000

Demonstration Lecture on Plagiarism  
Software

## **SEMINAR REPORT**

### **Topic: Demonstration Lecture on Plagiarism Software**

The Placement Cell of St. Wilfred's Institute of Pharmacy, Shedung, Panvel organized a seminar on the Demonstration Lecture on Plagiarism Software, on 12<sup>th</sup> August 2023, Saturday from 1.30 P.M. to 3.30 P.M. session held third year, and final Year B. Pharm students in the seminar hall, Ms. Pradnya Patil was invited as the guest speaker for the day.

The concomitant technical team of the Placement Cell came up with an official flyer and invite on 7<sup>th</sup> August 2023. Students had avidly part taken in the seminar.

Students Members of the Placement Cell, Ms. Prerna Bhosale, and Mr. Sarvesh Kamble were anchors for the session. At 1.30 P.M. sharp, the seminar commenced as the hosts welcomed everyone. The hosts greeted the proficient speaker Ms. Pradnya Patil. Further extending welcome to Honourable Principal Dr. Deenanath Jhade, Placement Cell Charge Dr. Akshay Meshram, Event Coordinator Mrs. Rini Punathil, Faculty members, and the assemblage. The hosts gave a brief introduction of the speaker Ms. Pradnya Patil.

Ms. Pradnya Patil began her oration with Introduction to Plagiarism, then enlisted brief information on Types of Plagiarism, and the Purpose of Plagiarism Software, How Plagiarism Software works. She discusses which are popular plagiarism Software, and the benefits of using Plagiarism Software. She swiftly touched upon the Challenges and Limitations, Best practices for using Plagiarism Software, and Future trends. She then provided case studies and examples.

Then Q & A sessions were conducted to address any concerns or queries from the audience regarding plagiarism software and its implications, and engaged students, then She concluded her presentation.

Then Vote of Thanks was given by Dr. Akshay Meshram and Dr. Deenanath Jhade presented the guest with a Certificate of Appreciation as a token of this wonderful presentation,

## A Report "WORKSHOP ON INTRODUCTION TO THE MOOC COURSES"

**Title and duration: Introduction to the MOOC Courses on Feb 10, 2022.**

**Organizers: SWIP, Panvel.**

### **ABOUT THE WORKSHOP:**

The workshop on MOOC Courses is coordinated and executed by \_\_\_\_\_ on Feb 10, 2022, for the Final-year students. In the first half of the workshop, he explained the importance of MOOC courses and in the second half of the workshop he explained the enrollment and registration process of MOOC courses following are the important points of the workshops

A MOOC is a **Massive Open Online Course** facilitated wholly online and designed to support an unlimited number of enrollments.

- **Massive**-because they attract a large number of participants often in the thousands
- **Open** - because it takes place in an area that is open for anyone to read, reflect, and comment upon; it is free and the content and work done in the course is shared between all people taking the course.
- **Online**-because the course takes place online.
- **Course** -because it has facilitators and course materials, a start and an end date, and participants. It's an event around a topic that people care about. The term MOOC was originally coined by Dave Cormier of the University of Prince Edward Island in 2008 for a large online class taught by George Siemens of Athabasca University and Stephen Downes of Canada's National Research Council Canada. There are now several leading platforms that host the majority of MOOCs namely Coursera, Udacity & EdX (Future Learn in the UK). However, a course does not need to be hosted on one of these platforms to be considered a MOOC.

---

## • Features of MOOCs

- Most MOOCs share these qualities:
- Course participants are likely to be distributed all over the world.
- Course content is not located in any one place, but found all over the web.
- The online classroom is one of many hubs where interaction occurs, which can also include personal blogs or portfolios, websites, social networking sites, and more.
- Participants and instructors aggregate, remix, and repurpose the content during the course.
- The courses do not have specific requirements, but participants are required to stay up to date with rough schedules.
- Most MOOCs are free; there may be a fee if the participant is working toward a form of accreditation.

## • Benefits of MOOCs to participants

- MOOCs are free!
- Allow access to education and expertise that you otherwise might not have access to.
- Opportunity to connect, collaborate, and learn with peers and colleagues internationally.
- Create connections and networks that you can maintain once the course ends.
- Learn digital skills.
- Contribution to your lifelong learning (continuing education and professional development)

## • Benefits to organizations running the MOOC

- Develops knowledge, skills, and a community globally around a topic.
- Promotes your activities, courses, products, services, and expertise.
- Internal training for your staff and students.
- Training the public for potential future recruitment.
- Gain access to people interested in a topic for surveys, recruitment, etc.
- Satisfies corporate social responsibility requirements.

## • Business models associated with MOOCs

As noted in the previous section, the main benefits of running a MOOC are often not financial. However, this has not discouraged organizations seeking to build more conventional business models around MOOC delivery. The universal feature of MOOCs is that access to the educational experience is free for students, so educational institutions and MOOC platform providers are seeking a variety of alternative ways to generate income from offering MOOCs.

# ST. WILFRED'S INSTITUTE OF PHARMACY

Affiliated to Mumbai University, Approved by PCI- New Delhi, DTE Maharashtra (DTE Code 3485)  
Near Shedung Toll Plaza, Old Mumbai Pune Highway, Shedung, Panvel-410206

## Approaches being explored include:

- i. Optional student fees for assessment and certification
- ii. Optional student fees for access to additional support
- iii. Charges to develop, host, and deliver the MOOC
- iv. Sale of student data (e.g. top potential recruiting organizations)

## FEEDBACK/ATTAINMENTS:

- The overall feedback from the students was excellent. Participants have given positive remarks about the session and wanted to have more sessions on “**Training on MOOC Courses**”.

## FEEDBACK ANALYSIS:

The content of the workshop is rated as:

- a) Excellent by 96.67% of participants
- b) Good by 0.25% of participants
- c) 0.62% say need improvement
- d) 2.47% not responded

.. Presentation of the workshop is rated as:

- a) Excellent by 87.58% of participants
- b) Good by 12.72% of participants

Management/Administration of the workshop is rated as:

- a) Excellent by 77.59% of participants
- b) Good by 18.7% of participants
- c) 3.7% say need

improvement Overall Workshop is rated as

:

- a) Excellent by 59.26% of participants
  - b) Good by 40.74% of participants
- How could this workshop be improved?

1. Focus should be on the basic rather than the advanced level.
2. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

Any other comments/suggestions

1. We would like to have more workshops in the future
2. Language fundamentals can be enhanced effectively.

- Verballyquestioningandansweringtheparticipant

### **DETAILS OF ACTIVITY:**

The St. Wilfred's Institute of Pharmacy, Panvel, organized a Session on “Workshop on Microsoft Teams” on 15th February 2021. Microsoft Teams is a proprietary business communication platform developed by Microsoft, as part of the Microsoft 365 family of products. Teams primarily competes with the similar service Slack, offering workspace chat and video conferencing, file storage, and application integration. Teams replaced other Microsoft-operated business messaging and collaboration platforms, including Skype for Business and Microsoft Classroom. Throughout the COVID-19 pandemic, Teams, and other software such as Zoom and Google Meet, gained much interest as many meetings moved to a virtual environment. As of 2022, it has about 270 million monthly users.

## **Overall Workshop is rated as:**

- a. Excellent by 89.26% of participants
- b. Good by 10.74% of participants

## **How could this workshop be improved?**

- a. Workshop should be extended to more days.
- b. Focus should be on the basic rather than the advanced level.
- c. Performance and effectiveness can be improved by giving more time for practice sessions and to implement concepts.

## **Any other comments/suggestions**

- a. We would like to have more workshops in the future.

Workshop on ICT tools and management (2020)

## AREPORT ON“WORKSHOPONICTTOOLSANDMANAGEMENT”

**NAME OF THE EVENT: ICT Tools and ManagementFaculty**

**COORDINATOR: Dr. Akshay Meshram**

**DATE&DURATION: 14<sup>th</sup> April 2020 (12:00-3:00 P.M.)**

### **INTRODUCTION:**

ICT systems are often confused with computers; however, they are not the same thing. Computers refer to the hardware that forms part of an ICT system. The ICT system refers to the overall set-up, consisting of hardware, software, data, and the people that use it. It commonly includes communication technology, such as the Internet.

### **DESCRIPTION OF THE EVENT:**

This workshop provides the participants with the requisite knowledge and skills that help them make efficient use of ICT in the classroom. The workshop also equips learners with the processes of teaching, learning, and assessment done online. The concepts of blended learning, flipped classrooms, and assistive software are also introduced to the learners. The program focuses on unique practices that equip netizens with attitude, skills and competencies and state of art artifacts to effectively integrate ICT into the teaching-learning process.

### **OBJECTIVES:**

The participants through this workshop will be able to-

To explain the fundamentals of computers and peripherals.

To introduce hardware and software computer basics.

To deliver the concept and methodology of different parts of the computer and their assembling.

To brief the students regarding various operating systems installation, commands, and scripting in OS.

To introduce the basic concepts of batch file programming and its uses.

## OUTCOME OF THE ACTIVITY:

Work with ICT tools, software applications, and digital resources in day-to-day teaching-learning situations. Select and use digital tools and resources as part of an authentic or collaborative learning activity. Elucidate the theoretical, practical, and application of technology integration. Arrange and generate digital resources that could be made use of in teaching and learning. Critically evaluate ICT resources and engage in the activities of teachers' network

ARTIFICIAL + INTELLIGENCE = ARTIFICIAL INTELLIGENCE

- Intelligence: "The capacity to learn and solve problems"
- Artificial Intelligence: Artificial intelligence (AI) is the simulation of human intelligence by machines.
  - The ability to solve problems
  - The ability to act rationally
  - The ability to act like humans

**NOTICE**

This is to inform all the students of third year, and final year B. Pharm, that the Placement cell is organizing a seminar “Application of SAS in Life Sciences and Health Care Industry” on Saturday, 9<sup>th</sup> February 2019 from 11.00 A.M to 12.15 P.M. at Seminar Hall.

The session will be conducted by, Mr. Harshad Chopra.

Concerned Students are required to compulsorily attend the same.

Principal

## **SEMINAR REPORT**

### **Topic: Application of SAS in the Life Sciences and Health Care Industry**

The Placement Cell of St. Wilfred's Institute of Pharmacy, Shedung, Panvel organized a seminar on the Application of SAS in the Life Sciences and Health Care Industry, on 9<sup>th</sup> February 2019, Saturday from 11.00 A.M. to 12.15 P.M. session held Final Year B. Pharm students in the seminar hall, Mr. Harshad Chopra was invited as the guest speaker for the day.

The concomitant technical team of the Placement Cell came up with an official flyer and invite on 5<sup>th</sup> February 2019. Students had avidly part taken in the seminar.

Students Members of the Placement Cell, Ms. Pradnya Patil and Ms. Daksha Rahamatkar were anchors for the session. At Time sharp, the seminar commenced as the hosts welcomed everyone. The hosts greeted the proficient speaker Mr. Harshad Chopra. Further extending welcome to Honourable Principal Dr. Uma Patil, Placement Cell Charge Ms. Minakshi Goyal, Event Coordinator Mr. Prakash Gupta, Faculty members, and the assemblage. The hosts gave a brief introduction of the speaker Mr. Harshad Chopra.

Mr. Harshad Chopra began his oration by introducing SAS, its overview for a better understanding of the objective of the seminar, its certification process, and the job opportunities. He discusses its use in clinical trials. he swiftly touched upon the several stages of clinical trials and the data flow during clinical trials after that, he continued by discussing

integration, primary, and secondary data sources, and the acquisition of demographic data. Hethen provided examples using some SAS graphs. He continued by describing how SAS can be used to handle and store enormous amounts of data while gathering patient history.

He further elaborated on the tools of the software used for data transformation, analysis, and transfer. He then spoke in detail about the advantages, applications, and limitations of SAS. He then described each component, and then continued by outlining the two key steps: 1. Data step & 2. PROC step. Then enlisted and explained several jobs in the pharma industry and how SAS evolved over some time.

Then Q & A sessions were conducted and engaged students, then He concluded his presentation.

Then Vote of Thanks was given by Ms. Meenakshi Goyal and Dr. Uma Patil presented the guest with a Certificate of Appreciation as a token of this wonderful presentation,
