TREE PLANTATION REPORT

NAME OF ACTIVITY: Tree plantation Day

DATE & DURATION: July 29,2021

TYPE OF ACTIVITY: Plantation Programme

ORGANIZER(S): NSS &Internal Quality Assurance Cell

VENUE: St.Wilfreds Institute of Pharmacy

ACTIVITY INCHARGE: Mrs. Priyanka Varade

NO OF STUDENTS OF PARTICIPATANT: 17

EVENT SUMMARY:

Natures beautiful creation facilitates the growth and development of the earth. With a vision to preserve the greenery of the environment and inculcate an environment friendly attitude, our NSS unit organized a Tree Plantation Drive in the campus in the month of July 29th 2021. Volunteers planted saplings in the college campus. They also committed themselves to individually take care of the saplings. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂ . As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. Our committee members arrange the tree for plantation then Our principal, staff members and our students has planted many tree near road side and in our college premises and successfully done the tree plantation in our college .

EVENT SUMMARY:

Trees contribute to their environment over long periods by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. With the vision to sensitize the importance of a green environment, St. Wilfred's Institute of pharmacy has organized a tree plantation program on 06th June 2022 along the roadside and inside the college premises. The event began with the welcoming of guests with saplings. Welcome speech has been given by the principal Dr. Deenanath Jhade. They share a few words on the importance of trees.

Trees are the foremost source for producing the oxygen in environment, they help to reduce the level of CO₂. As we all know the whole world is facing the problem of global warming and to recover from such a problem planting trees has become one of the most important aspects today. Our committee members arranged the tree for plantation then Our principal, staff members, and our students planted many trees near road side and on our college premises and successfully did the tree plantation in our college.

TREE PLANTATION DAY REPORT

NAME OF ACTIVITY: Tree plantation.

DATE & DURATION: July 02, 2018

TYPE OF ACTIVITY: Plantation

ORGANIZER(S): St. Wilfred Institute Of pharmacy, committee members of pharmacy department.

DESCRIPTION OF THE ACTIVITY:

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. All students were provided with the saplings. Teachers also participated in that event and guided student how to plant the saplings. A Banner was also designed by the event organiser to plant trees and was hung there to raise awareness in the people about the needs of tree plantations. With the vision to sensitize the importance of green environment, of St. Wilfred institute of pharmacy of Pharmacy, has organised tree plantation programme on 02nd July 2018 along road side and inside the college premises. The event was begun with the welcoming of guest with sapling. Welcome speech has been given by the principal Mrs. Umma Patil . They share few words on importance of tree .

Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂ . As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. Our committee members arrange the tree for planation then Our principal, staff members and our students has planted many tree near road side and in our college premises and successfully done the tree planation in our college .

EVENT SUMMARY:

Tree planting is recognized as one of the most enjoyable and environmentally friendly activities that people can engage in to benefit the earth. Trees offer several long- and short-term advantages. They not only look good, but they help minimize the risk of floods, enhance air quality, and lessen the urban heat island effect by reflecting sunlight and giving shade. With a vision to preserve the greenery of the environment and inculcate an environment friendly attitude, our NSS unit organized a Tree Plantation Drive in the campus in the month of August 2019. Volunteers planted saplings in the college campus. They also committed themselves to individually take care of the saplings.
